Boise, Idaho

August 26-27,1975

The meeting convened at 9:45 a.m. with members present: Vice-Chairman James F. Baughman, Jim Renshaw, and Lon S. Jarvis. R. J. Holmes was absent due to illness.

Martin Capps appeared to discuss the sale of his big game hunting business to Idaho Wilderness Camps, Inc. with Garry Merritt as outfitter. Mr. Capps and his guides will take care of his hunters this season.

The minutes of the previous meeting were read and approved as read.

The matter of claims against Clifford Ferguson's bond was discussed. Lon Jarvis made a motion that the board not accept payment of the bond and that all information and claims be turned over to the bonding company. Seconded by Renshaw. During discussion it was brought out that a number of people who have claims have not responded to the letter and hold harmless agreement sent out by the board, requesting authorization to distribute the proceeds of the bond on a pro rata basis. Without this the board might be held liable for additional claims. If the board does not wish to assume this risk, our attorney has advised that the board refuse to accept the proceeds of the bond on behalf of the claimants. The motion passed unanimously.

The report of the Hearing Officer at the public hearing for the adoption of rules and regulations was read and revisions made to comply with his recommendations. Mr. Renshaw moved that the rules and regulations be formally adopted, seconded by Mr. Jarvis. The motion passed unanimously.

Mr. and Mrs. Garry Merritt and Dr. and Mrs. Avery Pratt appeared to represent Idaho Wilderness Camps, Inc. for the purchase of Martin Capps big game hunting operation. Capps is required to notify in writing all the clients he has booked and they have agreed on terms under which Capps will assist throughout the season. They were asked for further information on their finances. Mr. Capps also appeared.

The complaint about services provided by Al Beam on the upper Salmon River was reviewed. Although the people admitted they were late arriving, it appears Mr. Beam needs to make some changes in his management.

Clay Woods and Don Heater appeared to discuss the application of Mr. Woods to be managing agent for Middlefork Ranch, Inc. and Mr. Heater will be a guide. Their applications were not complete.

Mr. Baughman gave a report on the arrest and hearing for John Foster, charged with guiding on the Salmon River for outfitter John Vail. The case was dismissed because the state could not prove he was employed by Vail. Mr. Renshaw moved that the board authorize expenditure of up to \$100 to obtain a transcript of the hearing. Seconded by Mr. Jarvis and the motion carried.

Vice Chairman Baughman reported on activities since the last meeting. The approval of an outfitter license for Grand Canyon Dories, Inc. and Curtis Chang, managing agent was reaffirmed. The applications were denied at the previous meeting. On July 16, the board was served with an Alternative Writ of Mandamus requiring the board to either immediately issue the

Outfitters and Guides Board Meeting August 26-27, 1975 Page 2

license or show cause. The board was advised by Peter Heiser and Rudy Barchas, from the attorney general's office, that the reasons given for the denials were probably not sufficient. 1. Advertising trips prior to obtaining a license. Since all licenses expire on March 31, of each year, it is an established practice for outfitters to advertise and book clients in one license period for the next year. 2. Outfitting in Idaho without a license. We are not prepared at this time to prove jurisdiction on the Snake River when trips start in Oregon and end in Washington even though there are overnight stops in Idaho. Board members were contacted by telephone and it was agreed to rescind the denial.

Philip Smith and Walt Earl appeared to discuss Mr. Smith's application for an outfitter license to hunt bear. Mr. Earl would guide for him. The bond should be revised to read the same as the application.

Pat Reed appeared to give information about an unlicensed outfitter in the vicinity of Atlanta. Our attorney is to be consulted and the district rangers.

Garry Merritt and Avery Pratt brought in a revised statement showing the financial position of the corporation. They asked for the license when approved to be sent to Martin Capps.

The meeting recessed at 5 o'clock.

The meeting reconvened at 8:45 on Wednesday, August 27, with the same members present.

George May appeared to discuss difficulties he has had with the various outfitters who have operated in the adjacent area from Grassy Mountain to the river. The board will schedule a meeting with Charles Willmore, May and the district ranger, if Willmore makes application for a license.

Frank Middlecoop appeared to request an outfitter license for bear and cougar hunting and fishing in the vicinity of Potlatch. He said he is going to work with Don Cooper.

Gary Bader appeared to make application for the Carl Nagel outfitter operation for the partnership of Bader and Dianda dba St. Joe Outfitters with himself as managing agent. He applied for a resident license but there is some doubt that he has lived in Idaho long enough to qualify for a resident license. If he is still a resident of Nevada he will be required to pay \$200 to match the fee required of nonresident guides in Nevada as well as the late filing penalty. Carl Nagel will run the operation this season.

The application of Lafe Cox was reviewed. The board would like further information about plans and will consider licensing Tom Richardson for Quartz Creek since Cox apparently isn't going to use it.

The application of Hollis Oakes was reviewed and it was noted that his first aid training has not been updated since 1970. He will need to get a current card in order to get a boat guide license.

Outfitters and Guides Board Meeting August 26-27, 1975 Page 3

The application of Robert M. Smith was reviewed and his request for additional area for bear and cougar hunting noted. Since there are not many cougar outfitters in the area he was granted five (5) miles on the north side of the Selway River from the mouth to Selway Falls and five (5) miles on the north side of the Lochsa River from the mouth to and including Post Office Creek.

Correspondence was reviewed, and a list of licenses approved and denied follows as a part of these minutes.

The meeting adjourned at 5:30 p.m.
